

Bouvierspecialty in Sweden.

Saturday June 17, 2017 I left Holland and had my flight to Linköping. Barbro Olsson picked me up at the airport and after a long ride and beautiful sightseeing we arrived in Karlskoga.

At a lovely restaurant we had a great dinner and lovely discussion about Bouviers and of course other breeds.

Sunday morning Barbro picked me up at the hotel and we went to the showground, where I met my Swedish colleague Eva Nielsen who was an aspirant judge for the Australian Cattle Dogs and Bouviers des Flandres.

I think there was a super entry of 30 Bouviers, in general I had some very nice quality but also Bouviers with wishes.

I want to mention some Bouviers, who impressed me very much:

- "Excerno Waltzin Watson af Vizzla" and "Excerno Whoop Whoop af Vizzla" the last became best puppy.

In Junior males:

- Bouvpilot Sweet Revenge, (Second best male) already a high quality youngster who shows so much breedtype. Everything is present he only need to become an adult with great future.

Best male

- Excerno Vengeance Verdi (Best male, BOB and also BIS) my first sentence in my critique "He shouts breedtype. A male to be proud of."

Best Bitch

- Excerno Vintage Vizzla (Best bitch and BOS) Very lovely bitch so well constructed and so much breed type.

About this weekend I have still some wishes of the Swedish Bouvier, namely take care of the movement (specially behind).

Bouvier don't have so much reach behind and it is a square built compact breed. Take care of the coats and also about the stability characters. In breedstandard there is written a Bouvier must be examined without any contact of his handler. So take care of it.

I want to thank you all for the lovely weekend in Sweden and perhaps we see each other somewhere else.

Best regards,

Rob Douma

Ps. I want to thank my super stewards Barbro Olsson and Ewa Haag for their splendid work in my ring
